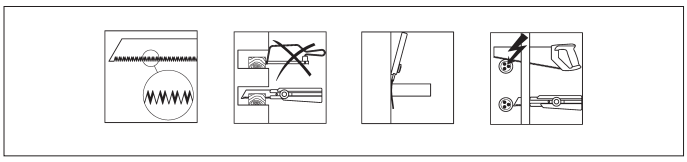
JAPANESE SAW BLADE



- For use in 25 mm cutting knife (Art. No. 0715 66 35) with rugged blade locking.
- Extremely sharp due to special toothing.
  Clean, effortless cutting.
- Compact, handy and suitable for universal use.
  Suitable for hard-to-reach areas.
- Flexible, however rigid for the application.
  Enables parts to be sawed off flush.
- The cutting depth of the blade can be adjusted.
  The defined cutting depth avoids unwanted damage.
