

Car shampoo 3 in 1

Vehicle cleaner with a triple effect: cleaning, gloss enhancement and maintenance are achieved in just one step.

Car shampoo combines three properties in one formula and ensures that road dirt is effectively lifted and gently removed.

- The firm and dense foam with a pleasantly fresh odour effortlessly removes heavy dirt from paint, chrome, glass, plastic, tyres, rims and convertible tops
- During cleaning, a protective polymer layer is applied to all treated surfaces, which protects the vehicle and also allows the water film to run off automatically after rinsing with clean water
- Coats the paint with a permanent protective film and leaves no stains or water marks, thus considerably reducing the time required to wipe the vehicle dry with a chamois

Chemical basis	Surfactans
Colour	Blue
Phosphate-free	Yes

Contents	Container	Density/conditions	AOX-free	Art. No.	P. Qty.
1000 ml	Bottle	1.007 g/cm ³ /at 23°C	Yes	0893 012 002	1/6
5000 ml	Canister	1.007 g/cm ³ /at 20°C		0893 012 051	1

Details/Application

For all washable, smooth surfaces such as car paint, chrome, rubber, vinyl, plastic, etc.

Instructions

Rinse off coarse dirt with clean water. Mix 50 to 100 ml (3 to 4 caps) with 10 litres of warm water and wash the vehicle as usual using a sponge or a washing mitt. Finally, rinse the vehicle using clean water. Wipe off any residual water using a soft microfibre cloth or chamois.

Notice

Do not use on hot surfaces in direct sunlight. Protect from frost.
