

W-MAP 1 TERMINAL

AP 04.2

Terminal for quick and safe securing of mobile attachment points in concrete

For use with:
Mobile Attachment Point W-MAP 1

Securing with WIT-PE 500 injection mortar for working with the dispenser gun, Art. No. 0891 009

1. Applications

- With general building permit Z-14.9-692
- Also tested in accordance with DIN EN 795:2012 Type A (tests relating to deformation, static and dynamic load-bearing capacity and integrity) and CEN/TS 16415
- Suitable for securing max. 3 persons
- The single attachment point can be used for repeating work in which there is a risk of falling, e.g. window cleaning, maintenance and assembly work, etc.
- The W-MAP 1 support terminal may be used in reinforced or unreinforced standard concrete of a strength class of minimum C20/25 and maximum C50/60 in accordance with EN 206:2000-12

2. Advantages

- Quick and easy fixing and removal of the single attachment point W-MAP 1 (eye) thanks to a special locking system
- Visually barely noticeable thanks to its small size and almost flush

installation of the terminal in the wall or ceiling

- Internal spring plug protects the W-MAP 1 terminal against dirt
- Economical and flexible, since as many W-MAP 1 terminals as desired can be installed in the building, but only one single attachment point W-MAP 1 (eye) is required per user

3. Features

- Securing with WIT PE 500 injection mortar
- The load-bearing capacity of the surface must be ensured
- Pay attention to the installation instructions and to the permits for the means of attachment and the individual attachment point.
- The W-MAP 1 support terminal may only be used in conjunction with the W-MAP 1 mobile attachment point. The individual components are not compatible with similar systems.

Item designation	Drill hole dia. in mm	Drill hole depth in mm ≥	Length in mm	Minimum component thickness in mm ≥	Min. edge clearance in mm	Art. No.	P.Qty.
W-MAP 1 Terminal	24	130	116	170	140	5937 000 101	1

Accessories required:			
Item designation	Art. No.	P.Qty.	
W-MAP 1 attachment point (eye)	5937 000 102	1	
WIT-PE 500, 385 ml cartridge	0903 480 001	1/12	
Application gun, 385 ml cartridge	0891 009	1	
Cleaning brush M20	0905 499 005	1	
Blow-Out Pump	0903 990 001	1	

Good to know:

- The W-MAP 1 terminal is securely installed on the building structure, and the W-MAP 1 mobile attachment points can be relocated quickly and safely
- Automatically protected against dirt by a spring plug
- A single mobile attachment point can be used for any desired number of terminals
- With the required building permit Z-14.9-692 Permanently installed anchoring devices are subject to compulsory approval under current law.

Setting instructions
