

## STEEL ADHESIVE WEIGHT FOR CAR ALUMINIUM RIMS

Illustration only

Art. No.	0830 14 431	0830 14 430
P. Qty.	100	100
Width	19 mm	19 mm
Thickness	3.8 mm	3.8 mm
Weight of balance weight	60 g	60 g
Material	Steel / steel	Steel / steel
Surface	Powder-coated	Powder-coated
Colour	Black	Silver grey
Comparison number	Franken Typ 397 schwarz	Franken Typ 397 stahl

**Fast removal from the vehicle rim leaving no residue**

**No cut edges on the weight body**

Individual weights for cut-off

**Special adhesive tape**

- No adhesive residue on the rim
- Significant time savings when removing the weights
- No damage to rims from chemical or mechanical cleaning

**Powder coating**

High level of corrosion protection

## STEEL ADHESIVE WEIGHT FOR CAR ALUMINIUM RIMS
