

WHEEL/TIRE ARCHIVING

Clear assignment of tire set and vehicle

No more annoying searching

Fast and easy fastening to wheel

Can be attached and removed again as often as desired

Large label (approx. 15 x 10.5 cm)

Excellent legibility, clearly laid out

Inserted label is protected against moisture

Wheel can even be cleaned with high-pressure cleaner while marked

The label sleeve is suitable for vertical or horizontal wheel storage

High flexibility

Tag can be reused several times

Same exact tag for winter and summer tires
