

## ADHESIVE WEIGHTS FOR PASSENGER CARS

### Holder with Cutting Device for Adhesive Weights on 5-kg Rolls

- Unrolling and cutting device for our adhesive weights on a roll
- Locking mechanism permits fast, intuitive operation
- Rolled-off quantity is noticeable when it catches  
→The cutting blade is therefore protected, as only the adhesive tape is cut through
- Holes provided for tabletop and wall mounting
- Matt black, powder-coated design for harsh daily workshop work
- Cutting blade and cutting surface can be reordered
