for digital tachographs

- Quality thermal paper in accordance with EC Regulation 432/2004, Annex 1B.
- Coreless winding to protect the inside of the tachograph and avoid additional waste.
- Roll end mark on last 50 cm.
- Each roll is individually sealed in a special film.
- Under normal storage conditions, the paper can be read and printed for ten years.

High level of resistance to:

- Heat
- Humidity
- Light
- Water
- Oil
- Petrol and diesel
- Grease
- Diluent
- Alcohol
- Cleaning and care agents

Your advantage:

- This paper is unique in being resistant up to 90°C.
- A printing paper for all approved digital tachographs.
- Approved by various commercial vehicle and monitoring device manufacturers.
