

## CONTINUOUS SOLDERING TIP

- Suitable for Analog 60 Soldering Station (also for WLS 60).
- Long-life, internally heated continuous soldering tip
- Base material of highly heat-conductive electrolyte copper
- Chrome coating prevents corrosion and the acceptance of solder in undesirable places

No.	Designation	Art. No.	P. Qty.
1	W832BD	0715 94 14	2
2	W832CD	0715 94 15	
3	W832ED	0715 94 16	
4	W832KD	0715 94 17	
5	W832SD	0715 94 18	
6	W832VD	0715 94 19	

## VISCOUS SPONGE

- Special sponge for cleaning soldering tip

**Art.-Nr. 0715 94 21**  
VE/St. 10

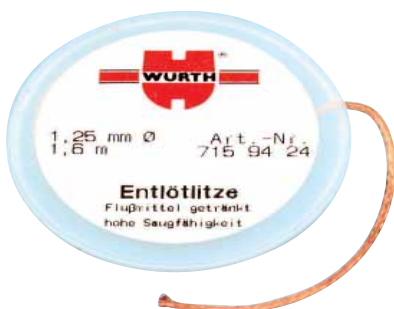

## DESOLDERING PUMP

- For desoldering soldering points
- Anti-static
- 10 cm<sup>3</sup> Suction volume

**Art.-Nr. 0715 94 22**  
VE/St. 1

## DESOLDERING WIRES

- Saturated with fluxing agent
- Highly absorbent
- Length: 1.6 m

Width in mm	Art. No.	P. Qty.
1.25	0715 94 24	4
2.00	0715 94 25
