

SHRINK TORCH

For shrinking heat-shrink sleeves on cables, pipes and lines

- Torches feature a powerful white flame with a yellow tint.
- Advantage: The heat-shrink material used is not overheated and doesn't burn.
- The optimum working pressure is 2 bar.

Torch dia.	Gas consumption	Output	L x W x H	Weight	Working pressure	Art. No.	P. Qty.
28 mm	460 g/h	5.9 kW	240 x 105 x 28 mm	200 g	2 bar	0984 802 8	1
38 mm	900 g/h	11.5 kW	260 x 125 x 38 mm	235 g		0984 803 8	
50 mm	2000 g/h	26 kW	270 x 135 x 50 mm	255 g		0984 805 0
