### Attention!

Small bottle is delivered empty.

**Art. No. 0984 88**

## Delivery scope

Designation	Art. No.
Soldering iron	<b>0984 880</b>
Copper bit 350 g, oval, offset	<b>0984 881</b>
Very small bottle with base, valve and hook 425 g	<b>0984 810</b>
Propane hose 2 m	<b>0984 892</b>
Pressure regulator 1.5 bar, fixed setting R 3/8" left-handed thread x R 3/8" left-handed thread	<b>0984 889</b>

## Soldering Iron

without copper bit

- Complete soldering iron with handle, burner, holder and windbreaker
- Gas consumption: 140 g/h
- Connection thread: M 10 x 1 left-handed thread

**Art. No. 0984 880**

- Connect. thread: R 3/8" left-handed thread

**Art. No. 0984 880 1**

Wind protection

**Art. No. 0984 880 2**

## Copper Bit

for soldering iron

- ① Hammer-shaped, oval, offset

**Art. No. 0984 881** Weight: 350 g

**Art. No. 0984 882** Weight: 500 g

- ② Hammer-shaped, oval, straight

**Art. No. 0984 883** Weight: 350 g

**Art. No. 0984 884** Weight: 500 g

- ③ Pointed shape

**Art. No. 0984 885** Weight: 350 g

**Art. No. 0984 886** Weight: 500 g
