

MIG/MAG SHIELDING-GAS WELDING TORCH

ML 38

Air-cooled, with Bikox hose package and central connector KZ-2

Ideal for all apparatus, vehicle, machine and steel construction

- Optimum handling thanks to ergonomically designed handle system
- The original Bikox hose package is highly flexible, compact, rugged and has a long service life.
- The hose packages have central connection system, also called "Euro connection"

Designation	Art. No.	P. Qty.
MIG/MAG Hose Package, complete, 3 m long	0984 380 230	1
MIG/MAG Hose Package, complete, 4 m long	0984 380 250	1
Torch Neck	0984 380 217	1
Gas Nozzle Carrier	0984 380 218	1
Contact Tip, 0.8 mm dia.	0984 380 208	5
Contact Tip, 1.0 mm dia.	0984 380 210	5
Contact Tip, 1.2 mm dia.	0984 380 212	5
Contact tip for aluminum wire, 0.8 mm dia.	0984 380 308	5
Contact tip for aluminum wire, 1.0 mm dia.	0984 380 310	5
Contact tip for aluminum wire, 1.2 mm dia.	0984 380 312	5
Gas nozzle, conical	0984 380 219	3
Gas Nozzle, cylindrical	0984 380 220	3

Technical data in acc. with EN 60 974-7	
Loads:	180 A Co2 150 A mixed gas M21 in acc. with DIN EN 439
Matching wire dia.	0.8-1.6 mm

As-delivered state of the hose package with contact tip dia. 1.0 mm

PTFE cores for aluminum welding wire

Art. No. 0984 300 05

PTFE cores for stainless steel welding wire

Art. No. 0984 300 06
