

Accessories for Spot 9000 with C-tongs

Additional water-cooled arms for C-tongs

Art. No. 0691 500 246
C-arm 355 mm

Art. No. 0691 500 247
C-arm 635 mm

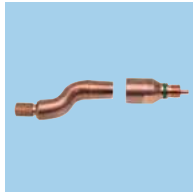

Art. No. 0691 500 283
Electrode file, crowned
for reworking of electrodes

Additional electrodes for C-tongs

0691 500 271
Ball electrode
without
insert electrode

0691 500 272
Electrode
receptacle 34 mm
with offset
electrode

0691 500 273
Electrode
receptacle 58 mm

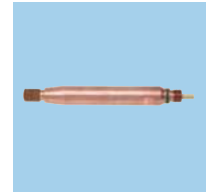

0691 500 274
Electrode straight
arm length 98 mm

0691 500 275
Electrode arm
for 15° elbow

0691 500 276
Electrode straight
arm length 123 mm

0691 500 277
Plunger electrode
160 mm

Retrofit set C-tongs

Art. No. 0691 500 242

**Retrofit of C-tongs for Spot 9000
with X-tongs (Art. No. 0691 500 200).**

- Pneumatic C-tongs 340 daN contact pressure at all arm lengths up to 635 mm.
- Quick arm change by means of locking lever.
- Improved accessibility, particularly in tight spaces and openings.
- Best welding quality, even with long arms.
- Water-cooling of electrodes up to the point.
- Optimized handling by 360° rotating handle.
- Large assortment of replacement electrodes.

Scope of delivery

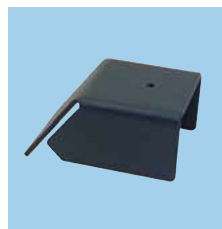

- Water-cooled C-tongs.
- C-arm short, length 85 mm.
- Connection distributor for 2 tongs.
- Water-cooled power cord, length 2.5 m.
- Angle connector for 2 tongs.
- Cradle for C-tongs.
- Plastic cover for angle connector.
