

SILICONE SPRAY SILICONE FLUID

NSF = internationally recognized organization for the supervision and registration of products used in food industry

Art. No.	0893 221 000
P. Qty.	1/12
Contents	0.4 l
Chemical basis	Physiologically harmless synthetic oil
Colour	Colourless
Shelf life from production	24 Month

Application area

As an anti-friction agent and for the lubrication of all moving parts of machines, especially in the field of plastics, in automotive engineering and in the food, pharmaceutical, printing and paper industries. Also as a mould release agent in the plastics processing industry and for surface care and protection. Can be used in areas in which food is processed or stored.

Notice

NSF H1

The product may come into contact with foodstuffs for technical reasons. If used in areas in which food is processed or stored, only the minimum quantity technically required may be used. If the product is to be used as an anti-corrosive film, it must completely be removed before the device in question is used again.

Instructions

Pre-clean the surface to be treated. Spray on evenly from a distance of approx. 20 cm.

High-quality, physiologically safe anti-friction and release agent.

Contains highly concentrated, high-quality silicone oils

- Optimum sliding and lubricating properties
- Prevents sticking and wear
- Eliminates unpleasant squeaking noises

Extremely high degree of temperature resistance from -50°C to +250°C

Wide range of applications, even in high temperatures and for use as a mould release agent

Colourless, non-discolouring

Good material compatibility

Moisture repellent

Protects e.g. rubber parts against frost

Proof of Performance (Pub)

NSF H1-registered (no.: 135927), meets the requirements of USDA 1998 H1.

The above application instructions are recommendations given on the basis of our own tests and experience. We recommend that you carry out your own tests before use. Due to the great variety of different applications and storage and processing conditions, we cannot guarantee a particular application result. We will not accept legal liability for any advice or technical information provided by our free customer hotline unless this advisory service and/or technical information is part of the contractually agreed performance owed by us, or the customer service employee acted willfully or intentionally. We guarantee the consistent quality of our products and reserve the right to make technical changes and improvements.
