

SPECIAL POWER CLEANER

Acid-based concentrate.
For the removal of stubborn dirt on commercial vehicles.

Acid-based concentrate.

Suitable for removing the most stubborn of dirt on commercial vehicles (such as oils, grease, oxidation residues, cement and lime deposits etc.).

Minimal consumption depending on the degree of soiling.

Fast-separating in accordance with German Ecological Standard B 5105, AOX-free.

Separates easily, no waste-water problems.

High washing power with minimum soaking time (max. 5 minutes).

Time saved when cleaning due to minimum vehicle downtimes.

Silicate-free.

No streaking after washing.

Canister can be disposed of via DSD (German Dual System, "Grüner Punkt"/"Green dot").

Easy to dispose of once empty.

pH value: 1.5

Designation	Contents in l	Art. no.	PU/Qty.
Canister	20	0893 037 020	1
Tap for 20-litre canister		0891 302 03	1

Notes on use:

Evenly spray the special power cleaner onto chassis and body from a distance of 1 m.

Mixing ratio 1 : 30 to 1 : 10.

Allow to take effect for a maximum of 5 minutes, depending on the degree of soiling.

Caution:

Do not allow medium to dry out and do not apply to glass surfaces (windows).

Thoroughly rinse the vehicle with a hot-water, high-pressure cleaner with sufficient water and at a lancing distance of 1 m.

Recommended applications:

Construction-site vehicles, cement and lime-silo vehicles, tanker vehicles with stainless steel or aluminium superstructure or attachments, heavily soiled plastic, rubber (e.g. tarpaulin) and metal parts, (e.g. oils and grease), stainless steel tanks and underride protection.
