|---|----------------|--------------------|---------|
| Blue Suitable for Support Plate Art. No. 0586 01 80 | 80 | 0585 27 80 | 5 |
| Blue Suitable for Support Plate Art. No. 0586 01 125 | 135 | 0585 27 130 | 2 |
| Blue Suitable for Support Plate Art. No. 0586 01 150 | 170 | 0585 27 170 | |

Polishing cloth for quick partial removal of fine traces of sanding.

Open-pore abrasive foam

Highly suited for use with quick sanding polish and high-gloss polish in large-area polishing tasks.

Sharp-edged, tapering

Enables mechanized processing of edges and hard-to-reach places.

User-friendly

Pad is easy to remove from the Velcro plate thanks to the beveling around the edge of the Velcro.

Long service life

Thanks to minimal heat development due to a new foam formula.

POLISHING PAD, ORANGE

| Version | Pad dia. in mm | Art. No. | P. Qty. |
|---|----------------|--------------------|---------|
| Orange Suitable for Support Plate Art. No. 0586 01 80 | 80 | 0585 26 80 | 5 |
| Orange Suitable for Support Plate Art. No. 0586 01 125 | 135 | 0585 26 130 | 2 |
| Orange Suitable for Support Plate Art. No. 0586 01 150 | 170 | 0585 26 170 | |

Polishing cloth for trouble-free removal of fine sanding marks via polishing.

Soft fine foam

Highly suitable for polishing out traces of sanding and scratches (used car detailing).

Sharp-edged, tapering

Enables mechanized processing of edges and hard-to-reach places.

User-friendly

Pad is easy to remove from the Velcro plate thanks to the beveling around the edge of the Velcro.
