

PLASTIC CARE

Contents ml	Art. No.	P.Qty.
1,000	0893 477	1/6

Areas of use:

For unpainted plastic bumpers, external mirrors, cladding, spoilers, tire walls, rubber seals etc.

How to use:

Thorough pre-cleaning with Vehicle Basic Cleaner Art. No. 0893 475.

Evenly apply the plastic care product with a sponge or cloth and work it into the usually rough surface structure. In the case of heavily faded parts, we recommend using a rough sponge. The gloss effect can be enhanced simply by polishing. Protect against frost.

High-quality care wax for all exterior plastic and rubber parts

Excellent color refreshing and satiny matte shine

- Ideal for matte, faded plastic parts.
- Like-new, cared-for appearance.

Continually maintains and protects against the effects of weather
