

DEODORIZER

Suitable for almost all textiles

- All-purpose product
- Does not leave behind residue
- Does not create spots
- Colorless

Specially selected raw material combination

- Fast, long-lasting effect
- Odor molecules are not covered up as with air freshener products. Rather, they are removed completely in a natural way

Fine-atomizing hand spray bottle

- Even, fine and full-area wetting of the surface without soaking it
- Very short drying time
- Fast application

pH-value: 7.0

AOX-free

Designation	Contents	Art. No.	P. Qty.
Spray Bottle	500 mL	0893 139 20	1
Canister	5 L	0893 139 205	

Areas of application:

Neutralizes all unpleasant odors, e.g. cigarette smoke, sweat, animal, mildew and kitchen odors, that can arise in the vehicle interior, driver cabs, on upholstered furniture, carpets, curtains and coverings.

Use:

1. Mist the surface to be treated from approx. 30 cm away until the fabric is slightly moist.
2. When the fabric dries, the odor will be gone.
3. Repeat this procedure in case of more intense odors.

Note:

With water-sensitive textiles (e.g. silk), preliminary testing is required. Not suitable for leather or suede.
