

EASY-TO-CLEAN SANITARY CLEANER

Sanitary maintenance cleaner containing acid with beading effect.

| Designation | Contents | Art. No. | P. Qty. |
|------------------|----------|---------------------|---------|
| Sanitary Cleaner | 1000 ml | 0893 117 005 | 1/12 |
| Sanitary Cleaner | 10 l | 0893 117 010 | 1 |
| Top Dos | – | 0892 117 020 | 1 |

Properties:

Quickly and powerfully removes lime deposits, soap residues, urinary residues and greasy stains from acidproof

- Smooth/textured plastic surfaces
- Wash basins/fixtures
- Shower tubs and bathtubs
- WCs/urinals
- Wall and floor tiles

Application / dosage:

Manual application: Add 30 ml to 8 liters of water
 Spray cleaning: Add 15 ml to 0.5 liters of water
 Corresponding higher dosage is possible in case of heavy soiling!

Application:

Suitable for cleaning surfaces and floors.
 With angled-tip cap, for use even in hard-to-reach places.

Note:

Then rinse thoroughly with water.
 Not suitable for marble and other acid-sensitive materials, e.g. Travertine, aluminum, painted surfaces and Plexiglas.

- ▶ When used regularly, builds up an EASY-TO-CLEAN "film".

Your advantages:

- Resoiling of ceramic and fixture surfaces is greatly reduced.
- Fast dirt removal.
- Easy, time-saving cleaning of objects.
- Water simply beads up!

- ▶ Highly concentrated.

Your advantages:

- Suitable both for basic cleaning and for daily maintenance cleaning depending on dosage.
- Stock-keeping is reduced.
- Decreases costs.

- ▶ Hygienic cleanliness with every cleaning.

Your advantage:

- Deodorising.

- ▶ Fresh aroma.

- ▶ pH = 1 in concentrate.

- ▶ Bottle can be refilled several times.

- ▶ Simple dosing with Top Dos dosing cap.

- ▶ Color: red, adapted to recognized color coding system – red = sanitary.
