Areas of application:

Buses, trains, cars, trucks, trailers, phone booths, store windows, signs, vending/ticket machines, shutters, cladding etc.

Not a facade cleaner (concrete/stone)!

Application:

Spray on Graffiti-EX evenly and allow it to work in briefly. Then wipe off the separated paint with a moist sponge or cloth in one direction. The work-in time depends on the type of graffiti (subsurface, paint, multiple layers, age etc.). For stubborn cases, repeat procedure and extend the work-in time

somewhat.

Hard insect sponges and brushes can be used as mechanical aids while cleaning. Thoroughly wash off surface with water after use.

Note:

Before use, **always** check material compatibility and color fastness in an inconspicuous spot and use a cloth to apply the graffiti remover there.

The graffiti remover for smooth, non-absorbent surfaces outdoors.

The problem solver for large-area heavy graffiti, especially on painted surfaces.

Very high cleaning power

- Enables easy removal of paint and marker graffiti.
- No painting over required.

Features special paint solvents

Product works its way under layers of bothersome graffiti paint and separates them without damaging the surface underneath.

Non-damaging to materials and surfaces

Solvent-resistant surfaces are not attacked.
