

HIGH-GLOSS DRIER - BLUE

Designation	Contents in L	Art. No.	P. Qty.
Canister	25	0893 025 5	1

Areas of application:

For use in car washes and self-service car washes.

Use:

Suck up undiluted when dosing via the dosing pump.

When dosing via the injector, stir 1 part High-Gloss Drier into 9 parts water.

User concentration: approx. 0.2 %.

Consumption per vehicle: approx. 8-10 ml.

Note:

Store in a frost-free location. Avoid overdosing! Apply only onto washed and rinsed surfaces.

Liquid drier for use in vehicle car washes with blow drying.

Allows quick removal of the water film across a large surface area

- The water is largely removed from the vehicle surface even before the blower is used
- Very good drying

Creates an additional protective film

- Gives the vehicle surface an effective gloss
- Rainwater runs off

Free of phosphate, AOX and silicone.

pH value in concentrate. approx. 4

Free of mineral oil and hydrocarbons

Degrades easily in accordance with OECD*. Does not hamper the effectiveness of light fluid separators.

* OECD = Organisation for Economic Co-operation and Development
