

INJECTOR SOLVENT INJECTOR-EX

Mineral oil free injector and spark plug solvent with KENA® microfluid formula.

Special product for loosening injectors and spark plugs in assemblies and engines

- Gentle action, as seized connections can be loosened without substantial force application and the use of tools
- Product has a long-lasting effect, penetrates deeply and thus ensures optimal work results

KENA® microfluid technology

- Excellent creeping characteristics facilitates deep penetration of the product
- Very heavily coked injectors and spark plugs are efficiently loosened
- Effect is enhanced by slow evaporation, rust is transformed and coking is solvated
- Very cost-effective application

Safe for people and the environment

Owing to highly effective, mild and environmentally safe active ingredients.
