

Amo Bag

For rapid temporary fixation and spacing in the process of installing windows.

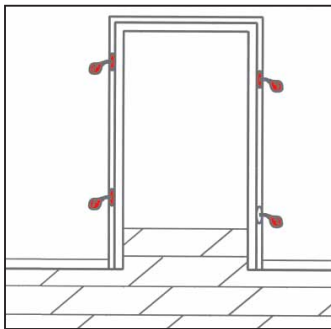

Material: Fibre-reinforced plastic
Load-bearing capacity: 100 kg per bag
Joint width: 3–50 mm

Art. No. 0715 67 80

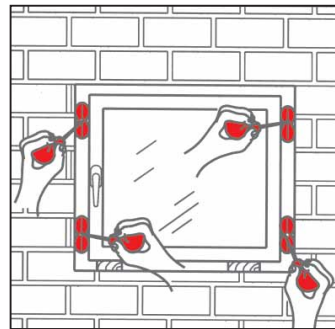

4 per pack

Advantages

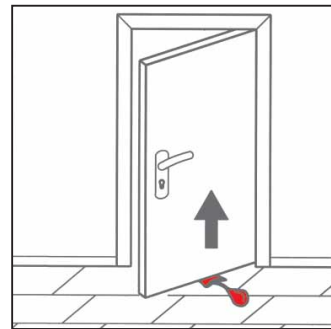

- Avoid scratches – the soft air cushion is easy on the frame.
- Easy, precise positioning of the windows.
- No wear on wedges. The Amo bags can be reused.
- Completely empty joints. Immediately ready for completion with mountings and joint filler.
