BMF Cleaner

The environmentally harmless cleaner for workshop, machines and vehicles.

- Does not contain phosphates, solvents or etching substances.
- Excellently biodegradable.
- Can be applied mechanically, manually or with high pressure applicators.
- High degreasing capacity but gentle and kind to material.
- Will not damage paint, rubber and plastic.
- Self-emulsifying, i.e. separates oil within the sewage water according to Ö standard test B 5105.
- Silicone free.
- AOX free.

Concentration level when used

High-pressure equipment	3 - 5%
Floor cleaning machines	3 - 10%
Manuel cleaning	3 - 50%
