### Application

All automotive replacement windshields for cars and vans. Pre-treatment of windshield as replacement glass (ceramic-coated)

### Note

Product does not provide UV protection. Please do not wipe it off.

### Instructions

#### Pad Instructions, Art. No. 0890 024 515

After thoroughly cleaning the windshield with Basic Cleaner S and Active Cleaner, the product is applied by briefly bending the handle (slight popping sound is heard) with the fabric side (red) over the area of the sieve-ceramic area. A single application is sufficient. The windshield adhesive can be applied when flashing off is complete (15 minutes).
