

BASIC SKIN PROTECTION CREAM

Washable skin protection cream prevents contamination by water-insoluble substances.

Forms an effective protective film between the skin and working materials

- Reduces contact with working materials harmful to the skin
- Does not affect skin functions

Forms a dry, elastic, and adhering protective film

- Non-slip tool grip
- Leaves no marks on tools or work-pieces
- Leaves skin feeling clean and fresh

Facilitates skin cleansing

Protects against the use of inappropriate skin cleansers as the main contributory cause of numerous skin diseases.

Economical

- Highly economical
- Fewer cleaning agents needed, water often adequate, shorter washing times

Contains no preservatives and silicone

Dermatologically tested and biodegradable

Art. No.	0890 600 100
