

## BASIC CLEANER S

Color	Content	Art.Nr.	P./Qty.
Milky-white	500 ml	0890 024 6	1/6

### Applications:

Soiled (contaminated) vehicle windows.

### Use:

Shake bottle well before using. Apply Basic Cleaner S to a clean sponge or lint-free cloth and thoroughly clean glass and ceramic silkscreen edge with circular motions. Thoroughly remove excess cleaner and loosened dirt with a clean cloth. Dried cleaner can be

removed with a damp cloth. Thoroughly reclean window with Würth Active Cleaner.

### Properties:

Reliably removes contamination and dirt from the glass and ceramic silkscreen edge of vehicle windows. Soiling is reliably and safely removed from all types of glass.

**Deep cleaner for dirty vehicle windows before replacement glazing.**

### Mineral eroding ingredients

- High cleaning power
- Reliable, safe pre-cleaning
- Does not scratch glass surface
- Activation of adhesive bonding area for improved adhesion

### Simple, user-friendly system

- Special dosing cap for optimal application quantity
- Self-cleaning
- No long activation times
- Deep cleaning without aggressive solvents

### Visual inspection

- Light color makes it easy to recognize where cleaning has already been carried out.
