

Mounting Tapes

Double-sided adhesive tapes with thin carriers.

Width in mm	Length in m	Thickness in mm	Art. No.	P. Qty.
50	25	0.11	0894 600	5

Applications

- Attachment of cloth coverings.
- Many other applications, for which a strongly-adhesive tape with a thin carrier is required.

Width in mm	Length in m	Thickness in mm	Art. No.	P. Qty.
50	25	0.22	0894 601	5

Applications

- Laying carpets.
- Adhesions on stairs.
- Attachment and adhesion of various materials in the construction, furniture and textile industries.

Universal mounting tape

Versatile tape with polypropylene carrier for easy, uncomplicated use.

- ▶ Carrier film based on PP.
Your advantage: Very good adaptation of the tape to smooth coverings and floors.
- ▶ Highly adhesive.
Your advantage: Very good adhesion, even to sensitive surfaces such as PE and PP.

Specialised mounting tape

Very strongly adhering tape with cloth carrier.

- ▶ Very high adhesive power.
Your advantage: Excellent adhesion, even on rough surfaces. Also suitable for difficult adhesions, e.g. PVC, cloth and raw carpet, metal to wood, metal to metal, cement to wood.
- ▶ Can be ripped by hand.
Your advantage: Quick and easy application of the tape.
- ▶ Cloth carrier.
Your advantage: The tape adapts very well to the surface, even uneven surfaces.
