

## BASIC MICRO-ACTIVE CLOTH

<b>Art. No.</b>	<b>0899 900 050</b>
<b>P.</b>	50
<b>Material</b>	Polyethylene fiber / polyamide microfiber
<b>Color</b>	Green
<b>Length x width</b>	40 x 40 cm
<b>Surface weight per m<sup>2</sup></b>	300 g

### Area of use

Ideal for vehicle care and for polishing work. When dry, the cloth attracts dust and fine deposits like a magnet thanks to its static charge. Coarse and greasy dirt is removed by moistening the cloth before use.

### In a large pack

#### Attracts dust with static effect

- Excellent cleaning power
- Minimal time required

#### Cleans without using cleaning agents

- Cost savings
- Low environmental impact
- Protects against allergies

#### Easy to care for

- Washable up to 60°C (do not use softener)
- Air-dry after use.

#### Loopless

The usage information consists of recommendations based on our testing and experience. Additional testing must be carried out before using the product in a new application. Due to the large number of possible applications and storage/usage conditions, we make no guarantee as to any specific results of use. Insofar as our free customer service provides technical information or advice, we shall not be held liable in any way unless the advice or information is part of the contractual scope of our services which must be provided or if the person giving the information is acting deliberately. We guarantee the consistent quality of our products and reserve the right to make technical changes and continue development.
