Areas of application:

The tear-proof Wipe 500 Tex enables cleaning of surfaces in many areas (AUTOMOTIVE, metalworking and kitchen construction). As a result, surfaces can be cleaned of oil, grease and other dirty residues thanks to the high absorbency. Due to the high strength of the cleaning cloth, surfaces can also be cleaned of coarse materials like metal chips.

Notes:

The cleaning cloth is very resistant to most standard solvents and is resistant to acids and alkalis under some conditions. The cloth can be used several times, depending on the amount of dirt. Dispose of the cloth following use.
