

COMFORT MASK CM 3000 PRO V FFP3 NR D

Optimum protection with maximum comfort

- Two extra filters ensure a longer service life and minimal breathing resistance
- Mask is more pleasant to wear thanks to an exhalation valve and two additional inhalation valves (heat and moisture)
- 3D nose area ensures an optimum fit. Mask can also be used with Würth safety glasses and provides a clear field of vision
- Head strap length can be adjusted in a flexible manner
- Sealing lip all round for optimum seal

Art. No.	0899 110 511
P. Qty.	5
Filter class	FFP3 NR D
Design	With valve
EN standard	149:2001 + A1:2009

Application area

Protects against hazardous/poisonous particles, dust, solid and liquid aerosols, mist and smoke, as well as carcinogenic and radioactive substances, enzymes and micro-organisms (viruses, bacteria, fungi) up to 30 times the limit value, e.g. when grinding and processing beech, oak and tropical wood, when working with asbestos, when welding, when handling bacteria, viruses, mould, spores and radioactive particles.
