

ANGLE GRINDER EWS 17-125-Q POWER

Powerful and handy 1,700 Watt angle grinder for very fast material removal and maximum productivity. Ideal for very hard roughing and cutting work. With anti-vibration handle.

Constant electronics

Allows fast work progress, because the speed remains constant even under load.

Restarting protection

Following an interruption in the power supply, the angle grinder does not restart unintentionally, thereby greatly reducing the danger of injury.

Overload protection and gentle start-up

Increased service life and operating safety of the machine.

Recoil protection

No recoil if the wheel is blocked by mechanical decoupling. For a high level of user protection and rapid ongoing work.

"Q-Nut" quick-action nut and quick-adjustment protective hood

Speedy and toolless disc changing is possible at the press of a button thanks to the quick-action nut. This quick-change system is optimally supplemented by the quick-adjustment protective hood.

3-year warranty

On manufacturing and material defects

Art. No.	5707 006 2
P. Qty.	1
Min./max. nominal voltage	220 / 240 V/AC
Min./max. frequency	50/60 Hz
Protection class	Protection class II / protective insulation
Power consumption	1,700 W
Output	1,040 W
Max. idling speed	11,000 rpm
Thread type x spindle thread diameter	M 14 mm
Max. cutoff wheel diameter	125 mm
Machine weight	2.5 kg
Cable length	4 m

Delivery scope for Art. No.	Designation	Art. No.	Quantity
5707 006 2	Q-Nut quick-action nut	5707 000 100	1
	Protective hood	5807 003 014	1
	Anti-vibration handle	5807 004 009	1

Supplement to Art. No.:	Designation	Art. No.
5707 006 2	Vulcanized fiber disk, ceramic grit	0580 712 536
	Support plate for vulcanized fiber wheel	0586 580 225
	Speed roughing wheel	0664 161 257
	Longlife & Speed cutoff wheel	0664 631 250
	Longlife roughing wheel	0670 161 257
	Longlife & Speed SD building site diamond cutoff wheel	5526 660 125
	Diamond cutoff wheel "Longlife Hard Material"	5526 700 125
