\* = Delivery time approx. 12 working days

Application	For Eneo C/CC electromechanical multiple locks
Dimensions	54 x 33 x 11 mm
Range	10 meters with unobstructed view of door and full battery
Power supply	1 x battery type 27 A - 12 V
Battery life	Approx. 18-24 months
Current consumption	Max. 42 mA (during transmission)
Frequency	433.92 MHz
Transmission security	Keeloq™ Code Hopping Technology
Modulation	AM/ASK
Transmission power	-30 dBm
Temperature range	-10°C to +40°C
Radio permit for the following countries	A, B, D, DK, E, FIN, GB, GR, I, IRL, IS, L, LT, N, NL, P, S, CZ
CE symbol	Yes
