

Speed Cutoff Wheels

Advantages

- Extremely high cutting capacity (very short cutting times) with very long service life.
- Extremely thin for precise, virtually flash and chatter free cuts (very clean and cool cut surfaces).
- Very pleasant working that's easy on the user and the machine is possible.
- Little cutting waste and cutting dust develops.
- Low noise and high resistance to breakage.
- Especially for thin-walled pipes and profiles, thin metal sheets, motor vehicle body sheets etc.
