

For drill holes	Shaft Ø mm	Length of shaft mm	Art. No.	Pack Qty.
from 0 – 25 mm	8	38	0698 0 25	1

Application Examples	Art. No.	Pack Qty.
Bodywork workshops, Sheet metal processing workshops, Apparatus construction	0698 1 Spot weld milling cutter	1
	0698 01 Spare Spot weld milling cutter	

Material	Fields of application	Art. No.	Pack Qty.
HSS 6.35 mm	Cuts metal, wood and plastics and can also be used with hand drilling machines	0698 14	1

Bodywork Tools

Milling cutters for widening drill holes.

(Fraisauto Super)

Spot Weld Milling Cutter

Advantages

- Milling depth can be set by using the setting screw.
- Cutter crown can be used both sides.
- No tearing of sheet metal.
- No deformation.
- Quick and economical.

Universal Milling Drill
