

CONTINUOUS POLYAMIDE

CORNER ROLLER

Roller dia. in mm	Art. No.	P. Qty.
105	0693 010 176	1/10

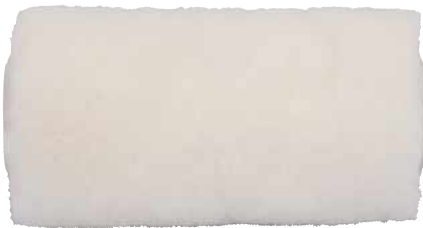

- Hard-wearing covering made of very high-quality continuous polyamide
- **Pile height 18 mm**
- Constant dimensional stability
- Excellent capability of the fibers to regain shape
- Low fluff, no tangling
- Extremely low tendency to spatter
- Very good paint take-up and application
- Solvent-resistant
- Very long service life
- Optimum painting in corners, niches etc. thanks to the tapered roller body (working in 90-degree angle)

Areas of application:

- For all painting materials
- Can be used both indoors and outdoors

LAMBSKIN

PAINTER'S ROLLER

Roller width in cm	Core dia. in mm	Roller dia. in mm	Art. No.	P. Qty.
18	46	90	0693 010 406	1/10
25			0693 010 407	

- Top-quality hand-picked and specially tanned, dense Karakul lambskin
- **Unpadded**
- **Pile height approx. 22 mm**
- Low fluff
- Extremely low tendency to spatter
- Very good paint take-up and application
- Extremely square meter capacity
- For top-class, streak-free painting

Areas of application:

- For all water-soluble paints
- For smooth to slightly textured surfaces
- For indoor and outdoor use

Please note:

- Lambskin is a natural product and therefore requires proper care
- Not suitable for alkaline materials that dissolve fats
