

MSF 30 WALL SLITTING CUTTER

Handy and small wall slitting cutter with 1,400 Watts of power and excellent extraction.

Art. No. 0702 414 1

P. Qty. 1

1,400-Watt motor with electronic feedback

Fast working progress at a constant speed.

Pulling cut

Strength-saving work with vertical cuts from top to bottom.

Extraction hood completely closed on the side

The dust is extracted efficiently even when immersed in the material.

Restart protection, overload protection and soft start-up

Protects the machine and user.

Specialized dust seal

Fewer failures due to dust build-up in the machine.

3-year warranty

On manufacturing and material defects.

Scope of delivery		
Designation	Art. No.	P. Qty.
MSF 30 Wall Slitting Cutter	0702 414 X	1
ZEBRA® Longlife Diamond Cutting Disks	0666 705 125	2
Chisel	0714 63 35	1
Empty Metal Carrying Case	0955 702 414	1

Technical Data	
Voltage	230/50 V/Hz
Protection Class	□ / II
Power consumption	1,400 Watts
Output	750 Watts
Disk diameter	125 mm
Nominal speed	8,200 rpm
Cutting depth	0 - 30 mm
Cutting width	10, 17, 23, 30 mm
Cable length	4 m
Weight	3.9 kg

Attention:

Hazardous dusts (e.g. quartz dust) must be extracted by a vacuum with dust class M approval. The ISS 45-M Automatic Industrial Wet and Dry Vacuum Cleaner Art. 0701 146 0 is suitable for extracting these dusts.

Available in the fleet

management system ORSY® fleet.
