

ANGLE DRILL

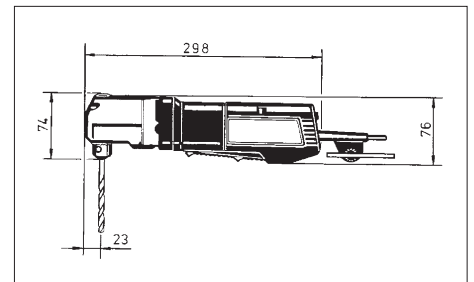

Angle drill with accessories in rugged sheet-steel case with plastic insert and empty compartment for small parts.

WB 10-RLE
Art. No. 0702 411

- Features electronics and clockwise/counter-clockwise running, ideal for screwing in an removing screws.
- Angled shape features extremely slim rod motor.
- The low width across corners of the angle drill also enables use in hard-to-reach places.
- Features adjusting wheel for speed selection allowing precise, feedback-sensitive working.
- Powerful motor with small handle circumference.
- Large switch element for easy operation.
- Quality made in Germany.
- 3-year warranty.

Technical data	
Voltage	230 V, 50/60 Hz
Rated power	400 W
Output power	170 W
Idling speed	0 - 1,100 rpm
Speed under load	0 - 750 rpm
Chuck clamping range	1 - 10 mm
Head height	74 mm
Width across corners	23 mm
Weight	1.6 kg
Drilling performance	Steel: N/400 mm ² , 10 mm dia.
	Aluminum: 12 mm dia.
	Wood: 22 mm dia.

Delivery scope		
Designation	Art. No.	P. Qty.
WB10-RLE Angle Drill	-	1
Drill Chuck Key	0708 410 064	1
HSS Twist Drill Bit, DIN1897, extra short, 3 mm dia.	0635 30	5
HSS Twist Drill Bit, DIN1897, extra short, 4 mm dia.	0635 40	5
HSS Twist Drill Bit, DIN1897, extra short, 5 mm dia.	0635 50	5
HSS Twist Drill Bit, DIN1897, extra short, 6 mm dia.	0635 60	5
HSS Twist Drill Bit, DIN1897, extra short, 8 mm dia.	0635 80	5
1/4" Bit, L 25 mm, size H 1 +	0614 176 274	1
1/4" Bit, L 25 mm, size H 2 +	0614 176 461	1
1/4" Bit, L 25 mm, size H 3 +	0614 176 648	1
1/4" Bit, L 25 mm, size Z 1 +	0614 176 651	1
1/4" Bit, L 25 mm, size Z 2 +	0614 176 652	1
1/4" Bit, L 25 mm, size. Z 3 +	0614 176 653	1
Universal bit holder with quick-change chuck	0614 176 711	1
