

PISTOL GRIP RATCHET MAGAZINE SCREWDRIVER

LED light

Assortment, 37 pc.
Art. No. 0613 640 37

Complete screwdriver assortment with the most common bits and a wide range of adapters and socket wrench inserts

ZEBRA® 2-component gun grip for ergonomically-optimized working conditions

- Can be used as a "standard screwdriver" in the straight position or in the 60° gun position thanks to the adjustable grip
- The grip is secure and comfortable to hold in the gun position and is optimally positioned to the screw

LED technology

- Working area is always well lit. Light falls directly onto screw connection
- Especially suitable for dark corners

High-performance ratchet screwdriver

- No more regripping required, enabling fast, efficient operation in any assembly situation
- 45 teeth, max. torque of up to 40 Nm

Sealing cap with bit magazine for a total of six bits

- Storage space in handle, 1/4" bits with Würth colour coding system for fast location of bits

Large number of different adapters, bit holders and socket wrench inserts

- Contains the right short or long version for any application, also with telescopic magnet

Gun grip position/bit magazine

LED technology/ratchet function

Short and long bit holder

Short and long extension

Flexible bit holder

Telescopic magnet (visible length in screwdriver max. 485 mm)

Contents:
