

PLUNGE SAW

*Some illustrated accessories not included..

Delivery Scope		
Designation	Art.-No.	P. Qty.
TKS 59-E Plunge Saw	0702 158 X	1
Hexagon Wrench for saw blade changing	0708 414 073	1
HM-WZ-165 x 42 x 20 mm Circular Saw Blade for wood	0610 122 111	1
Chip Ejection Adapter	0708 158 050	1
Plastic Case, black	0955 702 158	1

Technical Data		
Voltage		230 V/50 Hz
Power draw	W	1,300
Power output	W	690
Idling speed	r.p.m.	1,750 - 4,000
Max. saw blade diameter	in mm	165
Saw blade hole dia.	in mm	20
Bevel setting	°	0 - 45
Cutting depth at 90°	in mm	59
Cutting depth at 45°	in mm	44
Weight	in kg	5.1

Empty Case **Art. No. 0955 702 158** can also be used for other hand circular saws.

Precise plunge saw with adjustable saw blade speed.

TKS 59-E
Art. No. 0702 158 1

Parallel plunge function.

Increased safety, as the hand always stays in the same position on the machine.

Spring-borne splitting wedge.

For effective protection against angling of the saw blade.

Handy thanks to diecast magnesium.

Magnesium reduces weight and is just as handy.

Speed adjustment wheel with constant electronics.

Various materials can be sawed by controlling the idling speed.

Efficient dust extraction.

Almost no sawdust ends up in the working area if used together with a Würth industrial wet and dry vacuum cleaner.

3 year warranty.

During this period, all manufacturing or material defects will be repaired free of charge.

The hand position always remains parallel when plunging, thereby increasing work safety.
