

# CHISEL HAMMER MH 3-XE

**Lightweight chisel hammer, designed especially for renovation work in bathrooms and on façades. With SDS-plus mounting shank.**

**Art. no. 0702 238 1**

PU/Qty. 1

### Perfectly balanced

Machine fits very well in your hand and allows low-fatigue working.

### 2.6 joule impact energy

Quick work progress saving time and therefore money.

### Weighs only 3.6 kg

Thanks to the low level of exertion required, it is possible to work for longer.

### Automatic cut-off carbon brushes

Motor damage as a result of eroded carbon is prevented.

### Three-year warranty

For manufacturing and material defects.
