Accessories			
Fig.	Designation	Art. No.	P. Qty.
-	Plug-In Nipple with R 1/4" male thread made of nickel-plated steel	0699 100 614	3
9	Needle Scaler Attachment with 19 needles, 3 mm dia. each	0703 712 008	1
-	Small Mist Oiler with 1/4" female thread	0699 070 314	
-	Special Oil for pneumatic tools (1 L)	0893 050 5	

When used regularly, the machine should be lightly oiled via the compressed-air supply every day. The use of a mist oiler is recommended.

Very rugged and powerful hammer chisel with optimum weight distribution and vibration damping. Ideal for any body work which might need to be done, e.g. the extraction of body panels and for the rough removal of coatings or scaling of metal parts.

DMH 10
Art. No. 0703 712 1

Rugged and partially rubber-coated housing.
Very long service life and insulated from the cold.

Non-slip, ergonomically shaped handle with adjustable trigger.
The device is very handy and user-friendly. The impact power is continuously and precisely controllable.

Practical plastic case and comprehensive accessories in scope of delivery.
Incl. retaining spring and alternative quick-clamping chuck for convenient chisel changing and five chisels made of special steel for a long service life.

In conjunction with the optional screw-on attachment, it can also be used as a needle scaler.
Two devices in one. (Fig. 10)

3-year warranty.
On manufacturing and material defects.

Available in the fleet management system ORSY®fleet.
