

VDE PLUS/MINUS (PH) SCREWDRIVER

Screw symbol and handle size on end of handle for quick identification.

Extra slim design

- Blade: burnished, insulation with reduction of blade diameter in critical working area.
- Enables effortless reaching of low-lying screw and spring elements. Avoids fraying of insulation.
- Item-tested in accordance with IEC 60900:2004.
- Output: Combination slotted/PH profile
- Screw symbol on end of handle.

Applications:

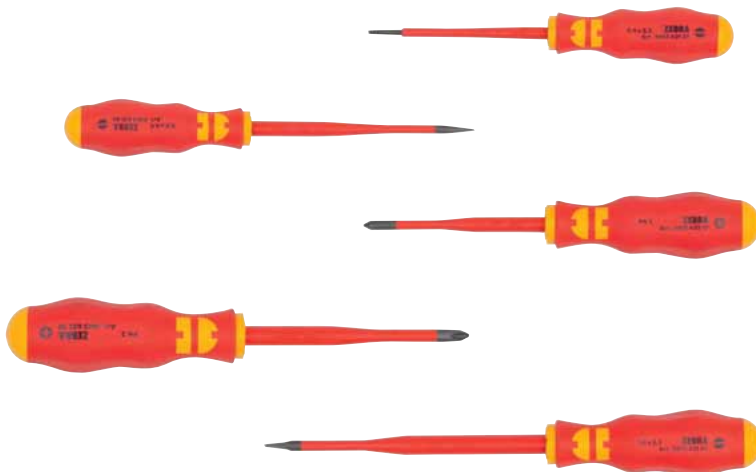

Switch cabinets and distributor boxes, automatic cutouts, terminal strips and relays.
