

IMPACT FLEX BIT BOX

The bit box is always easily accessible thanks to the belt clip.

One-hand operation: Remove the bit box from the holder, pull down the red button, the bit box swivels open and bits can be removed directly with the magnetic bit holder.

Practical bit box with swiveling mechanism for easy and user-friendly bit removal.

Easy and quick removal and replacement of bits

- 180° swiveling mechanism enables bits to be removed with one hand.
- Can be removed directly with the machine mount.

Rugged

The bit box is made of impact-resistant, fiber-reinforced plastic.

Space-saving and easily accessible thanks to the belt clip feature

Includes integrated universal bit holder with magnet

Art. No. 0614 250 115

P. Qty. 1

Designation	Tip	Mount	Length in mm	Art. No.	Quantity
PH2		1/4" hexagon	29	0614 176 462	1
PZ2				0614 176 642	
TX20				0614 312 03	2
TX25				0614 312 51
