

ZEBRA 2-COMPONENT PLIERS

2-component handles with considerably more comfort and safety

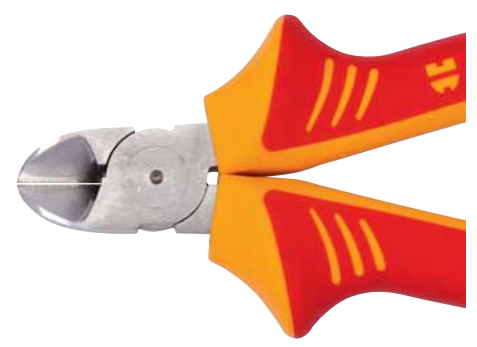

Hardened precision teeth

For high wear resistance and secure gripping

Trim collar shape

For optimum accessibility in cramped working areas.

Extra large VDE collar

Against hand accidentally sliding off onto conductive metal parts.

Maximum tool life and precision

With additionally inductively hardened and chrome-plated cutting edges.

Optimum distribution of force

Pleasant feeling in the hand without pressure points thanks to special handle geometry.
