

LIGHT-METAL LEVEL

Lightweight design

- Plexiglas level block with inlaid, corrosion-free scale rings
Excellent readability and long service life
- Fluorescent level fluid with high resistance to UV radiation
No discoloration of fluid, extremely precise in case of temperature fluctuations
- Eloxal-colored electrostatic powder coating
Extremely smooth surface enables easy cleaning

Measuring accuracy:

Normal position

0.029° = 0.5 mm/m

L in cm	W in mm	H in mm	Art. No.	P. Qty.
