## Rotary Anchor

### For plastic windows

- Nail holes: 4.5 mm dia.
- **Anchor holes: 8.5 mm dia.**
- Material: galvanized steel plate

#### Your advantage:

- Fast, simple installation of plastic windows in masonry.
- Rotary anchors are capable of excellently absorbing the thermal length changes of the frame materials.

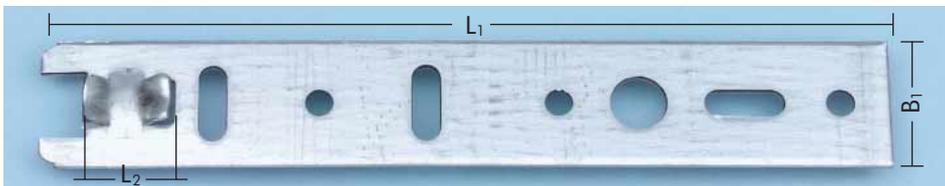

#### Additional article:

Mounting materials:

- Zebra Nail Anchor  
Art. No. 0906 318 60
- Steel Nail  
Art. No. 0478 35 ...
- Amo III Type 3  
Art. No. 0234 330 ...

Drilling:

- Carbide Drill Bit  
Art. No. 0641 ...
