

BATTERY DRILL DRIVER BDD 10,8 POWER

Very compact, powerful 10.8 V lithium ion driver drill. Ideal for all light drilling and screwing applications.

With two 10.8 V batteries and charger in case.

**BDD 10,8 Power
Art. 5717 501 012**

- Built-in LED light helps when working in a small and dark space.
- The indicator for remaining battery life.
- 18 torque steps and position for drilling.
Very precise adjustment allows multiple screwing applications.
- Ergonomic design with soft grip. Pleasant work without fatigue.
- Small and light weight Li - ion battery for long term operation in inaccessible places.

Delivery scope		
Designation	Art.	P. Qty.
BDD 10,8 Power	5717 501 01x	1
BC-10.8V-Li Charging Unit	5717 901 08	1
BTRYPCK-Li-10.8V/1.5 Ah Battery	5717 801 015	2
Plastic suitcase	-	1

Technical data	
Voltage	10,8 V
Max torque	25 Nm
Chuck clamping range	1-10 mm
Idling speed 1st/2nd speed	0-350 / 0-1.300 min ⁻¹
Torque control	18 + drilling
Max. drilling diameter in Steel	10 mm
Max. drilling diameter in Wood	15 mm
Charging time	30 min
Charging current	2,6 A
Battery capacity	1,5 Ah Li-Ion
Weight incl. battery	1,0 kg

Battery indicator

Gear shift

Keyless chuck
