Details/Application

Vehicle

Instructions

Rinse off particularly heavy road dirt briefly before cleaning. Spray Easy Clean at a distance of 15 to 30 cm. Then wipe with a clean, dry and soft microfibre cloth using light pressure. To avoid scratches, we strongly recommend the use of the Würth microfibre cloth art. 0899900131. Do not rub the product or allow to dry.

Notice

Do not apply on hot surfaces or in direct sunlight. The recommended working temperature is 10–25°C. Protect from frost.
