

ABS 18 COMPACT M-CUBE cordless drill driver

Illustration only

Compact, powerful brushless cordless drill driver for medium-duty screwing and drilling work

- Continuous monitoring and premature shutdown of the motor in the event of blockage, overload and overheating
- Efficient, low-maintenance and brushless EC motor with long service life
- Integrated LED lights for direct illumination of the working area
- No signs of fatigue when operating due to lightweight and compact design
- 13 mm metal drill chuck with soldered carbide clamping jaws for maximum service life and low wear. The extra-tough clamping jaws realise a tight grip on the shank of the drill bit
- Electronic signal switch for precise and comfortable working

3-year Würth power tool guarantee on wear and tear damages and replacement of batteries and chargers.

The guarantee is subject to the current terms and conditions, which must be followed.

3 Years Warranty on manufacturing and material defects

Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.

Details/Application

Electronic motor protection function:

Continuous motor monitoring increases its service life, since the motor is shut off quickly in the event of overloading, overheating or a jam.

Drill chuck:

13 mm solid metal drill chuck for use with commercially available shank, such as cylinder and hexagon shank.

18-stage adjustment:

Precise and effective working through ideal torque setting and optimum throughput.

Brushless Motor:

Longer working life of the EC-motors, low-maintenance, as carbon brushes do not have to be changed. More efficient and powerful motor in a smaller size.
