

Engine oil TRIATHLON® Synthetic 5W-40

Smooth-running engine oil for optimum engine performance

Excellent protection against wear for a longer engine service life

Saves fuel and reduces emissions

Excellent protection against wear and excellent cold behaviour

Fully synthetic

TRIATHLON engine oils are produced and packaged in compliance with the most stringent quality specifications in accordance with DIN EN ISO 9001

- High level of product safety
- Comprehensive manufacturer approvals

Only high-quality first raffinates and raw materials are used for TRIATHLON oils

Fulfils key specifications of automotive manufacturers

Type of oil	SAE 250
Viscosity grade	5W-40
Approved for engine oils	API SN/CF, ACEA A3/B4, MB 229.3, VW 502 00, MB 228.1, Porsche, Renault RN 0720
Recommended applications for engine oils	API SN/CF, ACEA A3/B4
Shelf life from production	60 Month

Contents	Art. no.	P. Qty.
4 l	0897 540 004	1/4

Details/Application

Year-round oil for modern petrol and diesel engines. For passenger cars

Proof of performance

Tested for turbocharging and catalytic converter

Notice

Observe the operating instructions of the vehicle and engine manufacturer for standard and extended oil change intervals.

The usage instructions are recommendations based on the tests we have conducted and are based on our experience; carry out your own tests before each application. We do not assume any liability for a specific application result due to the large number of applications and storage and processing conditions. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately.
